Why Join the Association of Naval Aviation??

More than at any time in our history it is vital that the American people understand the security needs of our nation. Chief among those needs is a strong air arm in our maritime forces. Our Carrier Strike Groups, Marine amphibious forces, and Coast Guard homeland defense forces, all supported by our long-range surveillance and intelligence aircraft, form the core of our strong defense. Our Mission includes the education of the general public to the overall importance of these forces in the defense of the United States and its allies, historic preservation of Naval Aviation artifacts, and stimulation of scientific and technical development for the future.

JOIN ANA!! Our operations are funded entirely by membership, corporate sponsorship, and charitable donations. Your support will greatly help the Association provide that vital education as ANA plays a leading role in shaping the dialogue necessary to ensure we maintain Naval Aviation as the key element of a strong Navy, America's most potent force for peace.

By being a member of ANA, not only will your participation improve our National Security by supporting the Association's advocacy, outreach, education, and awards programs, but you will be able to enjoy of the **camaraderie** of local squadrons and the stories in our quarterly magazine *Wings of Gold*, take advantage of **networking opportunities** afforded by our communication media, **reconnect with former squadron mates** and other friends from naval aviation, and participate in **educational and historical activities** centered around naval aviation.
